Important notes:

- The bus departs from the area in front of the EU Office in Kosovo at exactly 09:20.
- All volunteers should present an identity document and are expected to sign up the list of participants.
- The t-shirts, hats, waste bags and gloves will be handed over to the participants at Lake Badovc.
- The organizers will split the participants in groups. The group size depends on the number of participants.
- Cold food and water will be available for all participants at Lake Badovc (after the clean-up)

14:00–15:00 Discussion with YEAs – EU House Pristina

Description of the event:

- 1) to increase the young people's awareness on modern waste management and circular economy in the EU
- 2) to get their views on the attitude towards the own responsibility in the protecting the environment, to express their views and practices on the waste management in their community

Activities:

Teodora Andreeva – Programme Manager Environment and climate change
Brief for the EU policies, initiatives, young people initiatives, etc.

Gazmend Selimi – Programme manager Environment and infrastructure Info on the waste management in Kosovo and EU assistance

Q & A

Mrika Nikci – Environmental activist & the youngest female in the world to climb all the Seven Summits

Free share of the experience of young environmental activist in Kosovo and her reflection of the importance of environmental issues.

Discussion:

Free share of experience of the young people on good practices on the waste management in their community and their initiatives towards improvement of the waste management and introduction of circular economy.

Production of Short videos – Instructions:

YEA's will be instructed when back in their home towns to produce simple videos of simple actions to raise the awareness about importance of clean environment and how our simple actions can contribute to the cause. The videos should be produced and posted on YEAs SM until the end of 2022. The below proposed hashtags can be used when posting:
#ZeroWasteEU; #CleanUp; #CleanEnvironment; #BeTheChange; #EUbeachcleanup

Important notes:

- Light snack/finger food and soft beverages will be served in EU House
